# 150 years of tradition

- 1862. "Deligrad", 1<sup>st</sup> steamship of the Principality of Serbia
- 1891. First Serbian Royal Shipping Co.
- 1918. State River Navigation of the Kingdom of Serbs, Croats and Slovenes
- 1929. State Navigation of the Kingdom of Yugoslavia
- 1947. Yugoslav State River Shipping
- 2000. Yugoslav River Shipping Co.

# Flag Carrier

*Steamship "Deligrad", 19<sup>th</sup> century*

*MS "Deligrad", 20<sup>th</sup> century*

# Flag Carrier

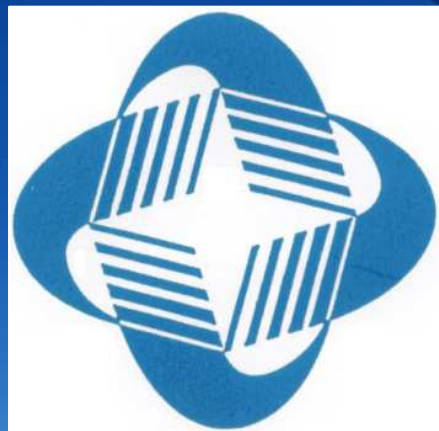

*Self-propelled vessel "Deligrad", 21<sup>st</sup> century*

# Associations & JRB

## Leader in presence

Bratislavaer Abkommen

# Great European Shipping

## Recognized provider

### ❖ JRB AD BEOGRAD

belongs among the Top 5 Shippings on European Corridor VII.

400 employees, 4 departments

18 river ships, more than 100 barges

8 local agencies in Serbia, by the Danube and Sava

3 representative offices: Ukraine, Austria, Hungary

2 shiprepair yards, 2 floating workshops, ...

# JRB's core Business

Liquid & Dry Cargo Transport

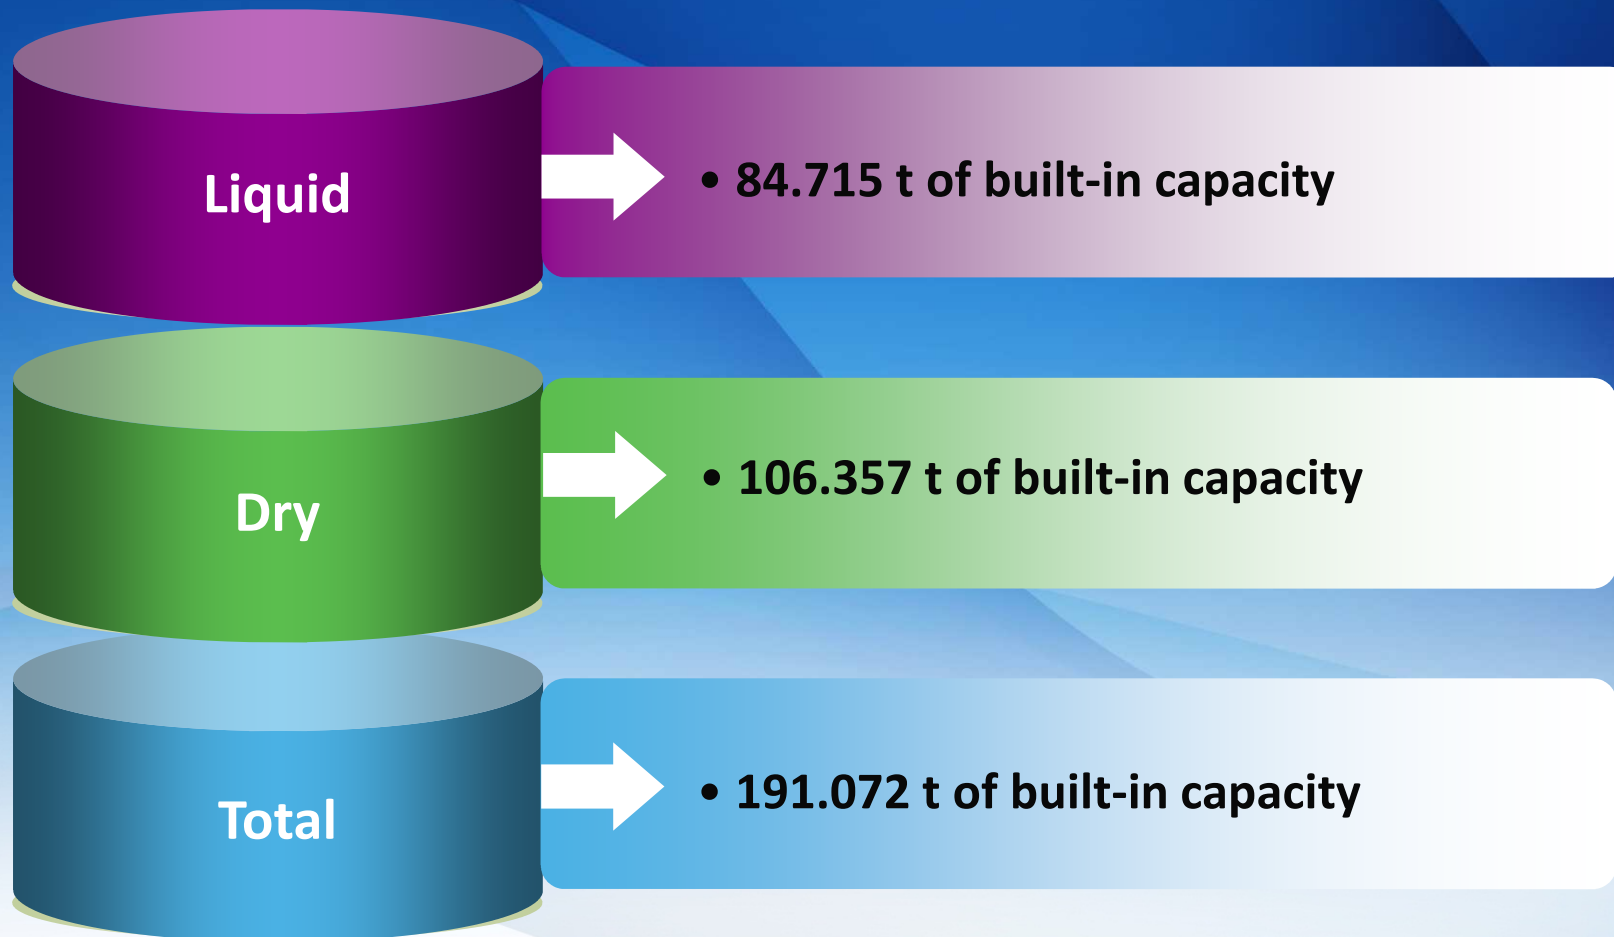

Multifunctional capacities for inland water freight transport.

# Cargo Capacities total

Transport capacities according to cargo types

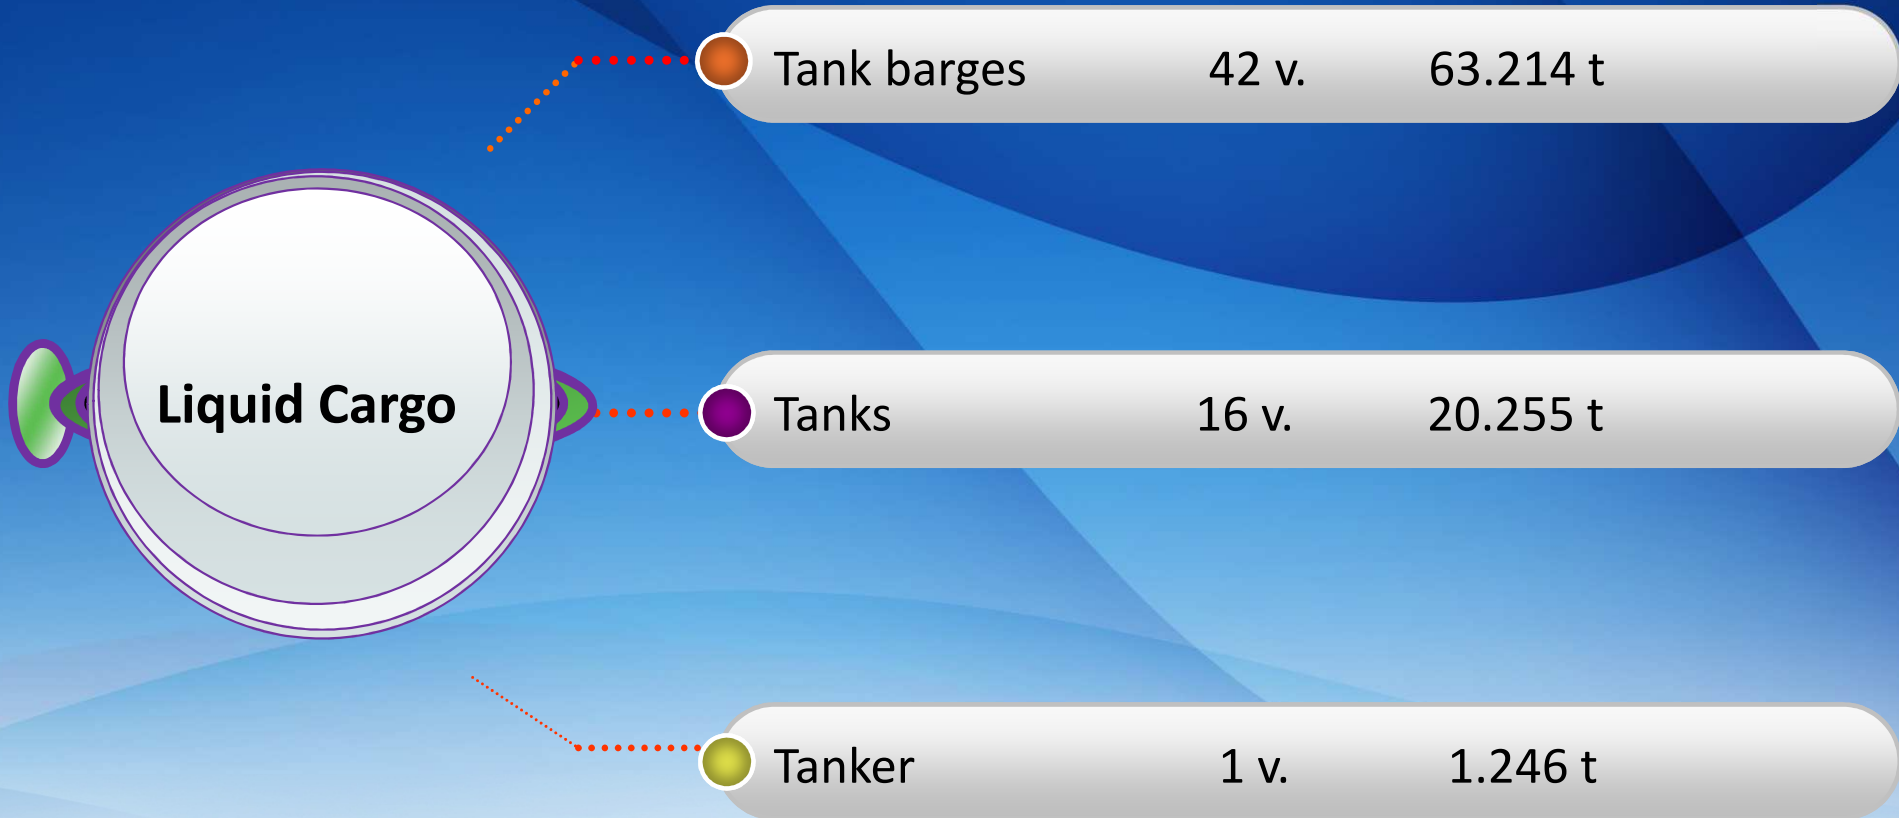

# Cargo Capacities

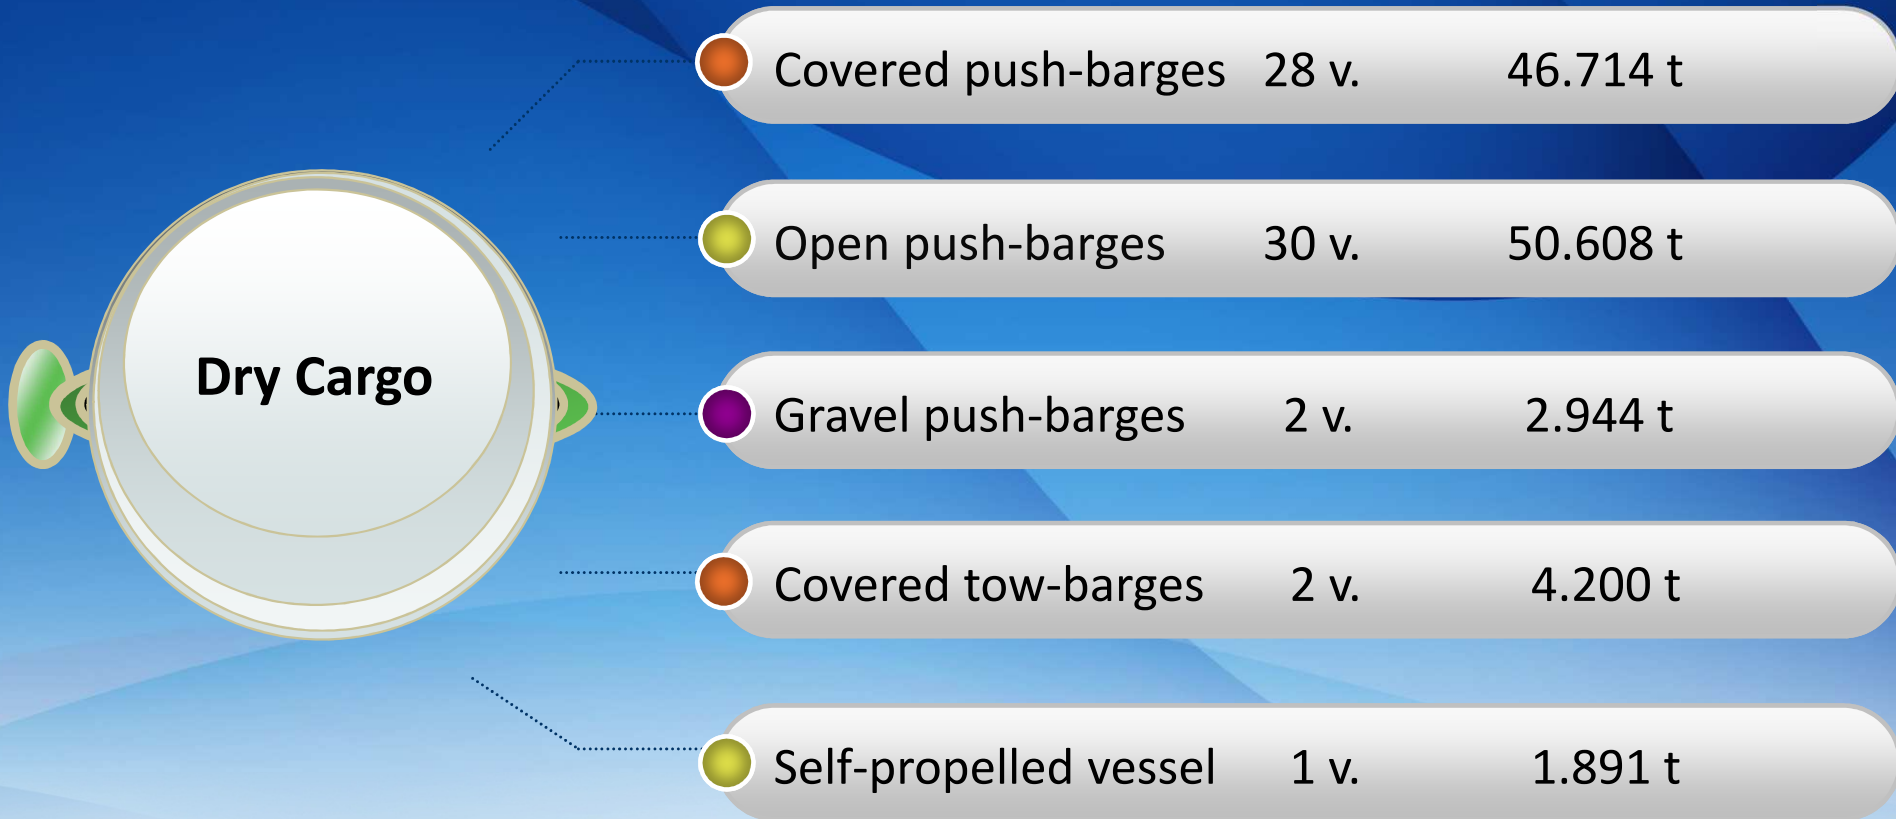

## Liquid Cargo

# Cargo Capacities

## Dry Cargo

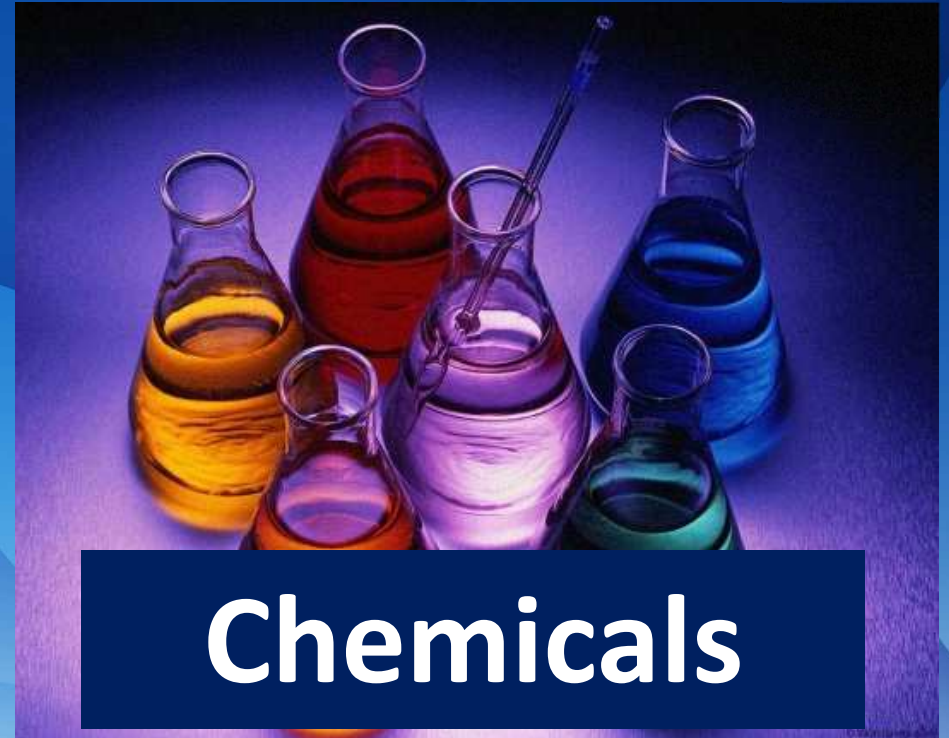

# Freight Transport

## Liquid and hazardous cargo:

**Crude oil**

**Chemicals**

- ▶ crude oil,
- ▶ liquid petroleum,
- ▶ diesel ▶ heavy fuel oil ▶ gasoline
- ▶ other liquid petroleum derivatives

# Liquid Cargo Transport

Tanker, tanks and tank barges

# Freight Transport

## Dry cargo-product type

- ▶ coal, ore, powder and raw materials
- ▶ semifinished products of metal, wood...

# Freight Transport

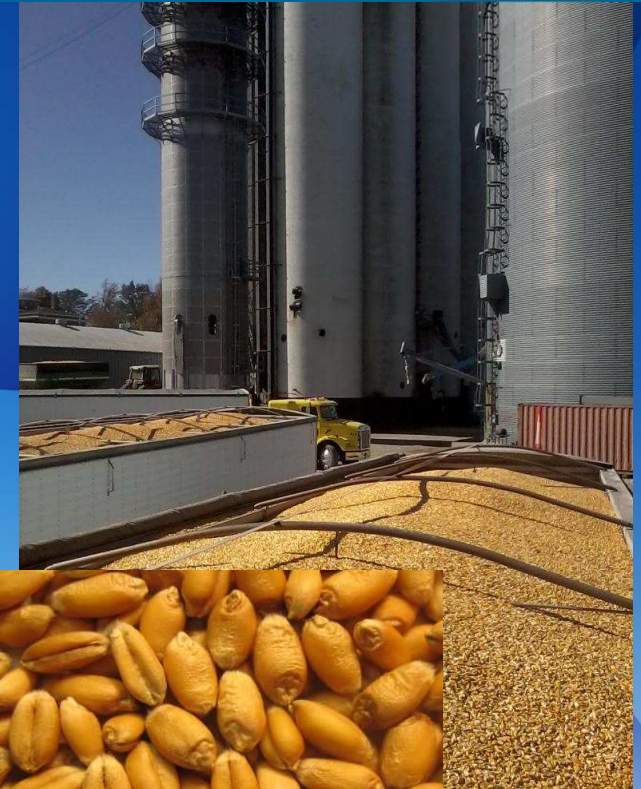

## Dry cargo - Food

**Corn**

**Soybean**

**Wheat**

- ▶ wheat, soya, ray, barley, corn,...
- ▶ Cargo packing: bulk, bales, bags, containers,...

# Dry Cargo Transport

## Dry cargo – bulk transport

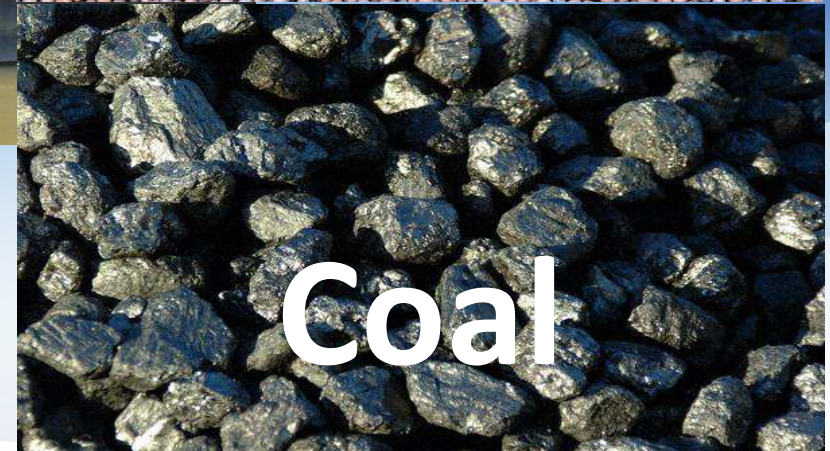

Self-propelled vessel, barges: open and covered

**JUMBO BAGS**

**Iron ore pellet**

**Coal**

# Dry Cargo Transport

**Dry cargo – GRAIN bulk transport in 2013**

BAJA, Danube Port - In transfer -

# Dry Cargo Transport

Taking special considerations about our partners need in the area of security of shipment and timely arrival to destination, during last season of shallow waters on the Danube river and in sector Dunavice, we were forced to load goods on draft which guarantees passage on points in critical sectors and Borcha channel.

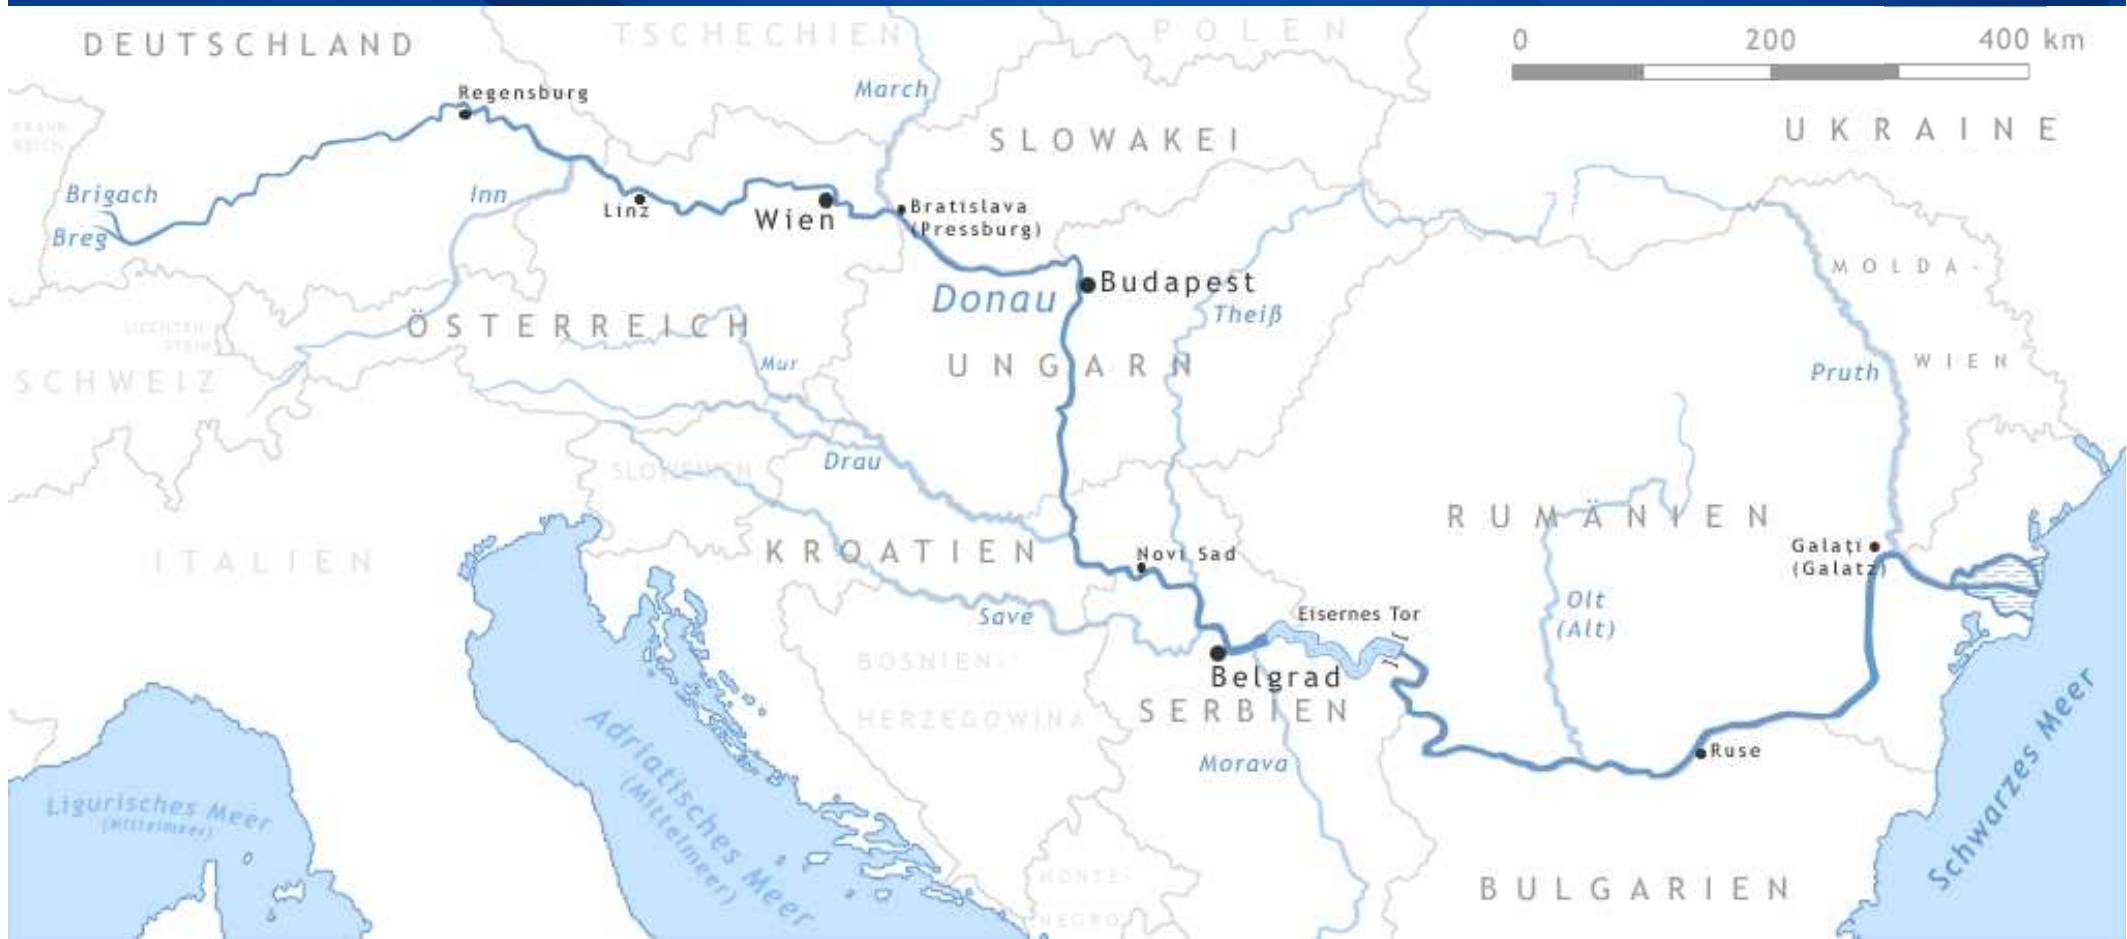

In these conditions Yugoslav River Shipping did not have any stranding and convoy stopping due to other ships stranding situations.

Transit times from Serbian ports up to Conctance Port in conditions of shallow water was 7-8 days.

When navigation conditions are at its best transit time is 5-6 days and for selfpropelled vesell Deligrad 4-5 days.

Performance

# Transport Area

Transport on European inland waterways: the Danube, Sava...

# Advantages of JRB transport

## The Capacity

Tank truck: 21,000 to 34,000 Lit

Tank wagon: 75,000 Lit

Tank barge:  
1,500,000 to  
2,000,000 Lit

# Advantages of JRB transport

## The Economics

Tank truck: 4 x more expensive

Tank wagon: 2 x more expensive

Tank barge:

**The Best  
Price !!!**

# Agency Services

## Port agency and vessel services

JCI

Filling out customs forms

R

Representing before ports authorities

P

Mooring to JRB pontoons in:  
Veliko Gradište, Bezdan, Beograd

# Agency Services

Representative offices: Vienna (A), Budapest (H), Reni (U)

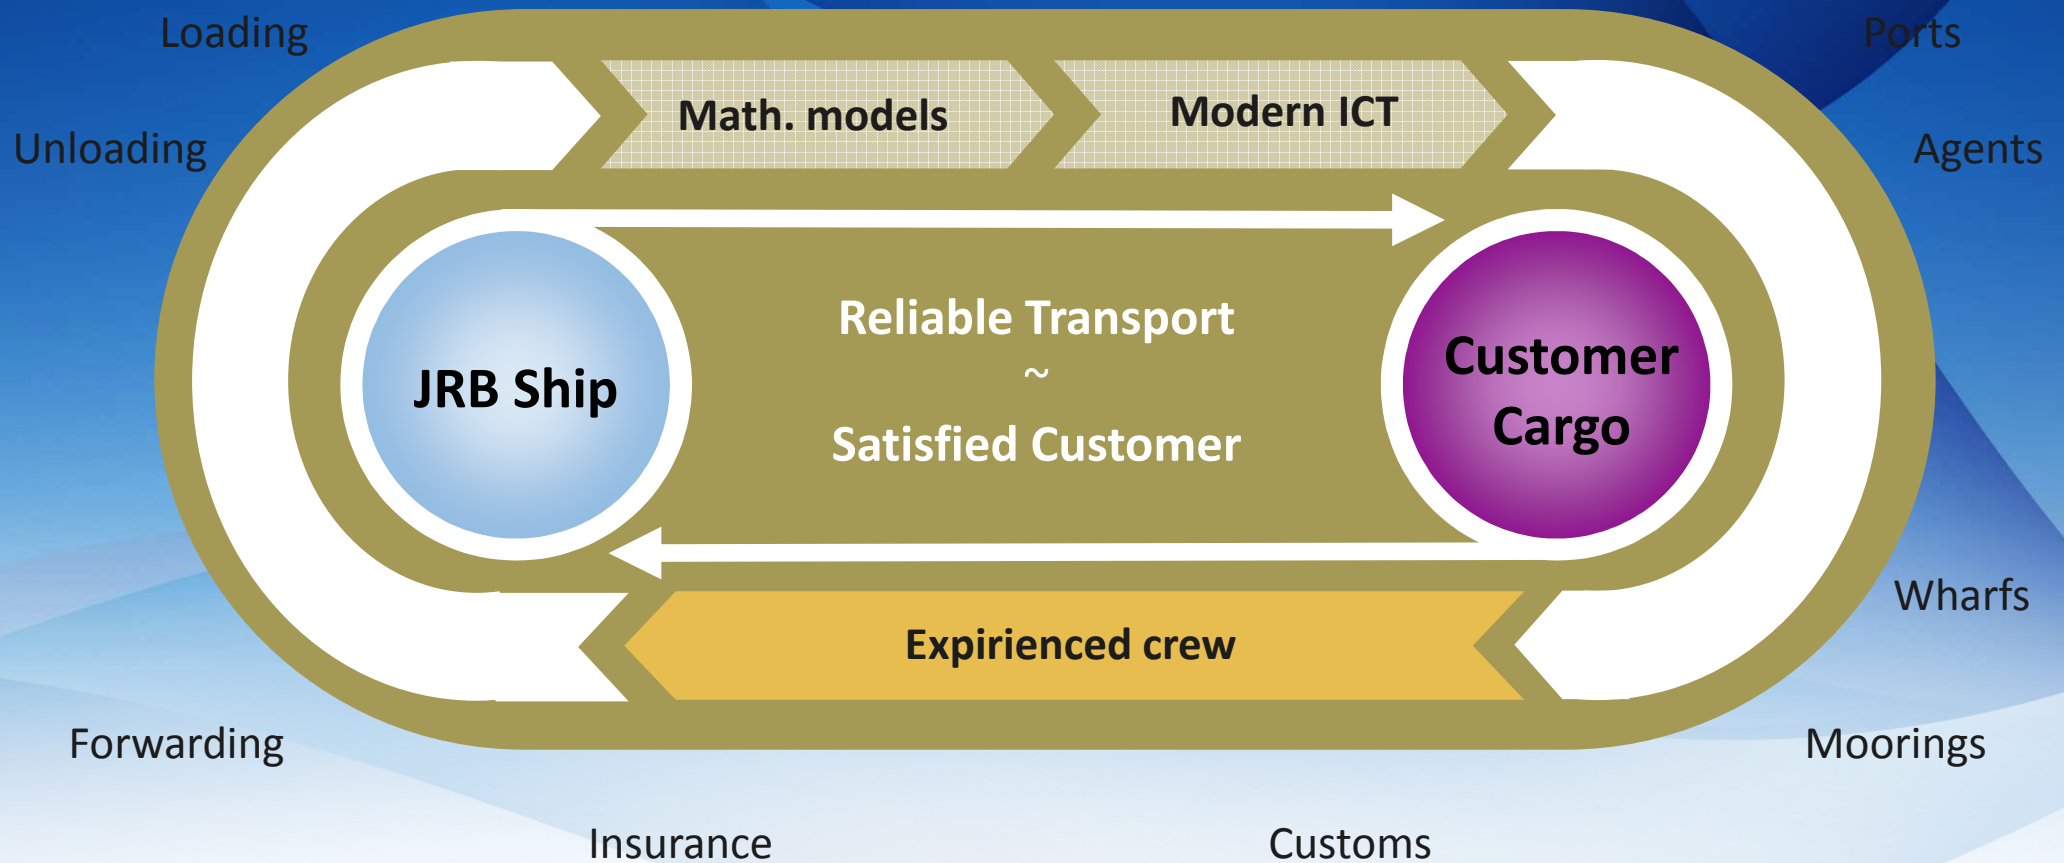

Agencies: Bezdán, Beograd, Novi Sad, Pančevo, V. Gradište, Prahovo

# Full Service 4ALL

Optimized transport, proven solutions and new technologies

# *Full Service ANYWHERE*

*Direct loading from sea ship*

# Optimized Transport

## RIS – River Information Services for the 21<sup>st</sup> century navigation

# Quality Assured
